ANNUAL REPORT OF THE UNISEA FLEET COOPERATIVE YEAR 2024

INTRODUCTION

UniSea Fleet Cooperative (UFC) is pleased to submit this document and results of their 2024 Bering Sea fishery to the North Pacific Fishery Management Council (NPFMC) in compliance with annual reporting requirements of the 1998 American Fisheries Act (AFA).

The 2024 fishing season was the twenty-fourth year of UFC operations under the AFA. The UniSea fleet was managed and operated during 2024 following the successful model established during the preceding 2000-2023 fisheries - basically without change. This document format and exhibits herein reporting UFC co-op members, management, allocations, catches, sideboard limits, prohibited species catches and enforcement is also consistent with UFC's earlier years reporting to the NPFMC. This report meets AFA reporting requirements and provides easy comparison to the prior year results.

UNISEA FLEET MEMBER VESSELS AND CO-OP MANAGEMENT

There were two vessel management changes in 2024 compared to 2023. The F/V *Arctic Wind* joined the co-op under Unalaskan Fisheries, LLC ownership. The F/V *Starfish* also changed ownership to Unalaskan Fisheries, LLC. Nine individual members of the UFC representing 13 catcher vessels signed their Co-op Membership Agreement, which enabled them to operate under the laws of the AFA in a fishing cooperative delivering pollock to UniSea Inc. during the 2024 fishing season (Attachment 1, UniSea Fleet Cooperative Membership Agreement for 2024 dated 11/16/23, and Pollock Harvest Schedule). The F/V *Mar Gun* and the F/V *Arctic Wind* did not fish in the Bering Sea in 2024. The 2024 member vessels and their owners are listed below:

George Hall, General Manager, Rondy's, Inc.

- F/V *Alsa* 124 ft LOA
- F/V *Argosy* 124 ft LOA

Tod Hendricks, Manager, Auriga/Aurora General Partnership

- F/V *Auriga* 193 ft LOA
- F/V *Aurora* 193 ft LOA

Jonathan D.X. Towne, Managing Member, Dona Martita, LLC

- F/V *Defender* 195 ft LOA

Chris Swasand, F/V *Nordic Star* LLC

- F/V *Nordic Star* 123 ft LOA

Gunnar Ildhuso, Jr., Margun Enterprises, LLC

- F/V *Mar-Gun* 112 ft LOA

Fred Yeck, President, FY Fisheries, Inc.

- F/V *Sea Dawn* 124 ft LOA

Jerry Downing, President, Unalaskan Fisheries, LLC.

- F/V *Starfish* 123 ft LOA
- F/V *Arctic Wind* 108 ft LOA

Jeff Kauffman, President, Starlite Fisheries, LLC.

- F/V *Starlite* 123 ft LOA

Jeff Kauffman, President, Starward Fisheries, LLC.

- F/V *Starward* 123 ft LOA

Rick Mezich, President, Fierce Allegiance, LLC.

- F/V *Fierce Allegiance* 167 ft LOA

Co-op management and administration continued during 2024 and remained similar to the prior co-op years with a few updates (Exhibit 1). Coordination of information on allocations, transfers, pollock catches, sideboard catches and prohibited species catches between the UniSea plant in Dutch Harbor, the member vessels, Sea State, the Inter Co-op Manager and the National Marine Fisheries Service all continued during 2024 as established in year 2000 and as conducted in 2001-2023.

UFC BERING SEA POLLOCK ALLOCATION TRANSFERS AND CATCH

UFC 2024 pollock allocation represented 10.064% of the total Bering Sea final directed pollock allocation and 23.122% of the inshore sector allocation. Exhibit 2 shows the distribution of final 2024 pollock allocations between the inshore pollock cooperatives. UFC's allocation of 23.122% of the inshore sector allocation ranked UFC as the second largest inshore co-op. In 2024, UFC's 13 member vessels received a final AFA Bering Sea pollock allocation that totaled 130,836.3 mt (Exhibit 3). Each of the 13 UFC vessel's final pollock allocations are identified in Exhibit 3 showing their respective tonnage and each vessel's percentage of the UFC total allocation.

Exhibit 4 reports the final 2024 Bering Sea pollock allocations for each of the remaining and active 11 vessels in the UniSea fleet during the 2024 season after in-season transfers of pollock allocations between member vessels. One member vessel (*Mar Gun*) transferred all of her 2024 pollock quota to other UFC member vessels.

Exhibit 5 provides UFC Bering Sea pollock catches that occurred during the 2024 season relative to final allocations after all co-op transfers. The UFC directed Bering Sea pollock catch totaled 130,765.560 mt, which was 70.700 mt less than the final allocation. Amendment 69 fishing activity as reported by the co-op is included in Exhibit 5 allocations and is separate from transfers. This catch equated to 99.94% utilization of the final 2024 Bering Sea pollock allocation.

The AFA cooperative agreements require that co-op member vessels deliver at least 90% of the co-op's Bering Sea pollock catch to their cooperative processor. During 2024, UFC member vessels deliveries were greater than 90% of all directed pollock deliveries by UFC member vessels, in keeping with AFA requirements. No pollock caught during UFC operations in 2024 was landed outside of Alaska.

Bycatch of other groundfish, herring, halibut, crab and salmon from the directed Bering Sea pollock fishery is detailed by member vessel in Exhibit 6. Pollock represented 99.48 % of the total catch of pollock plus all other groundfish in the directed pollock fishery.

Vessel-level detail of salmon bycatch in the directed Bering Sea pollock fishery is reported for UFC in 2024 to meet current reporting requirements under Amendment 110. Specifically, Exhibit 6 summarizes the seasonal (A and B) catches of Chinook and chum salmon (other salmon). Salmon bycatch measures were in effect under Amendment 110 continuing in 2024, which was implemented to improve the management of Chinook and chum salmon bycatch in the Bering Sea pollock fishery by creating a comprehensive salmon bycatch avoidance program, and UFC salmon bycatch was covered under the inshore Salmon Savings Incentive Plan Agreement (SSIP).

SIDEBOARD LIMITATIONS, ALLOCATIONS AND CATCHES

The laws of the AFA place limits on AFA qualified catcher vessels whereby their harvest of groundfish other than Bering Sea pollock is limited to historic levels. Halibut bycatch (PSC) is also limited through the co-op sideboard allocations. By AFA definition, all catch of groundfish sideboard species made by non-exempt AFA catcher vessels, whether as targeted catch or incidental catch, are to be deducted from the sideboard limits. These are reported in the final harvest specifications and are intended to be a cap on all catches of these species.

Past UFC annual AFA pollock reports have provided details of sideboard allocation, transfers, catch and management (one table with details of BSAI sideboards and one table with details for GOA). Ongoing regulations updated in the Federal Register (FR84 2723) are in effect since prior reports. Referencing those changes regarding specific changes to provide efficiency in reporting that reflects actual activity are covered in prior reporting. Under these continuing provisions adopted by NMFS, total catches of all species (including sideboard species) for UFC in 2024 are provided in Exhibit 9.

DIRECTED BERING SEA COD AND GULF POLLOCK FISHERY

Since the further implementation of the Pacific Cod Trawl Cooperative Program has become a reality, prior cod sideboard reporting is no longer included in this AFA pollock annual report for UFC. The vessels which were active in directed cod fishing which delivered to UFC are part of a cod cooperative that was formed under the new program. No UFC vessels participated in GOA pollock fishing in 2024 (Exhibit 7).

UFC PROHIBITED SPECIES AND ALL GROUND FISH CATCH TOTALS

UFC member vessel total prohibited species catches of halibut, herring, Bristol Bay red king crab, *bairdi* Tanner crab, other Tanner crab, chinook salmon and other salmon from all directed Bering Sea pollock fisheries are provided in Exhibit 8. Prior years' reporting included directed cod fishing – for 2024 these are the same as Exhibit 6. UFC member vessels' total catch (landings and discards) for all BSAI sideboard species by area and vessel is shown in Exhibit 9.

UFC MONITORING AND ENFORCEMENT

All UFC directed Bering Sea pollock and cod catches, as well as sideboard catches and the halibut PSC were successfully managed and did not exceed allocations. The co-op was accordingly not required to take any enforcement actions.

Exhibit 1. Schematic of UniSea Fleet Cooperative Operations, 2024.

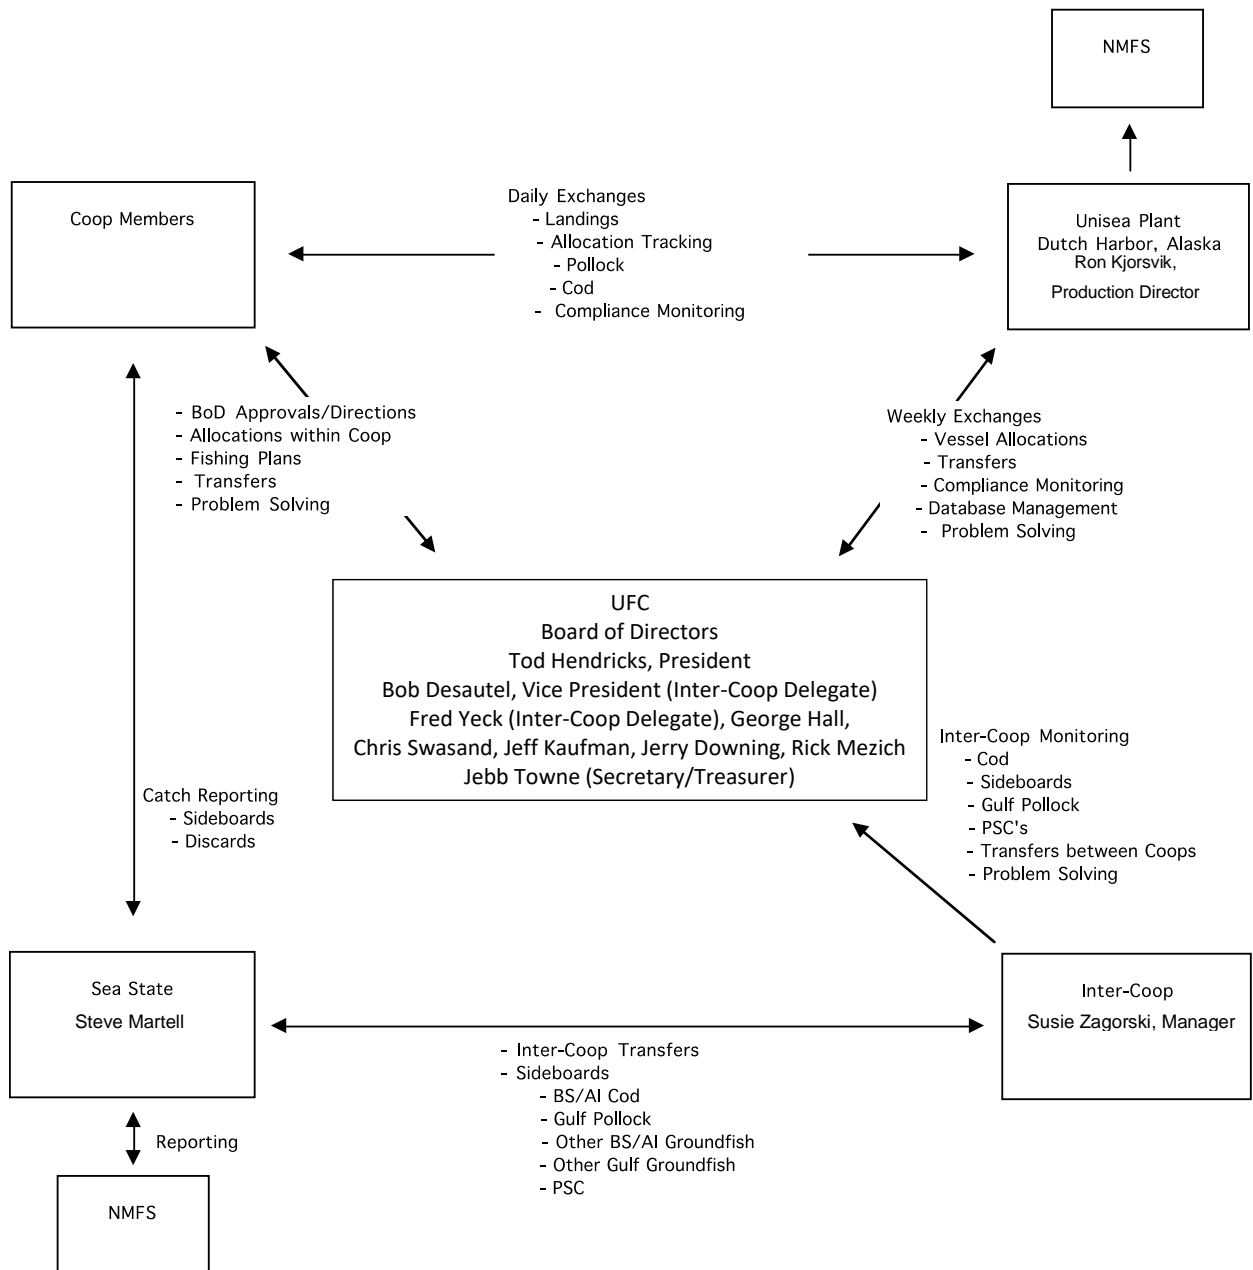

Exhibit 2. Percent distribution of 2024 Bering Sea “inshore pollock allocation” between the seven inshore AFA pollock cooperatives.

Bering Sea Inshore Pollock Co-op 2024 Allocation

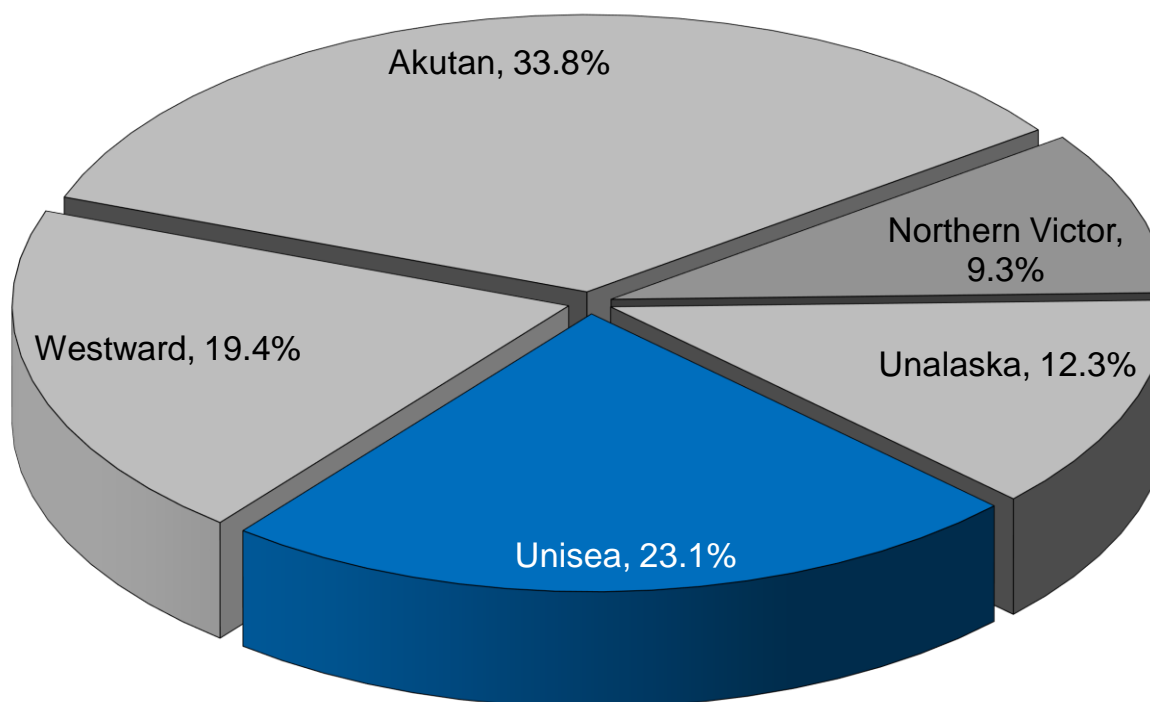

Exhibit 3. UniSea Fleet Cooperative member vessel initial pollock allocations expressed as a percentage of the co-op total, as a percentage of the Bering Sea directed inshore pollock fishery, and in metric tons for 2024.

Boat	% Co-op Allocation*	Pollock Allocations % Directed Inshore Pollock Fishery	Annual Allocation (MT)
Alsea	7.765%	1.795%	10,159.174

UFC MEMBERSHIP AGREEMENT 2024 ADDENDUM

UNISEA FLEET COOPERATIVE
MEMBERSHIP AGREEMENT
2024 ADDENDUM

Each of the undersigned hereby acknowledges and agrees that the terms and conditions of the UniSea Fleet Cooperative Amended and Restated Membership Agreement dated as of September 24, 2010, as amended by a First Amendment to Amended and Restated Membership Agreement dated as of January 4, 2011, Second Amendment dated February 4, 2016, and Membership Agreement Addenda dated as of November 16, 2010, and November 9, 2011 (collectively, the "Membership Agreement"), is in full force and effect, and binds the undersigned for the year 2024, and that the Exhibit A attached hereto replaces in its entirety the existing Exhibit A to the Membership Agreement.

Each of the undersigned hereby certifies that each of its member vessels as identified on the attached Exhibit A: (i) is a "qualified catcher vessel" within the meaning of 50 CFR 679.4(6)(ii)(D); (ii) delivered more pollock to UniSea, Inc. than to any other AFA inshore processor or stationary floating processor in the last year in which the vessel engaged in directed fishing for pollock in the BSAI for delivery to the inshore sector; (iii) is otherwise eligible to fish for groundfish in the BSAI; (iv) has an AFA catcher vessel permit with an inshore endorsement; (v) has no permit sanctions or other type of sanctions against it that would prevent it from fishing for groundfish in the BSAI; and (vi) is named on a valid LLP permit authorizing the vessel to engage in trawling for pollock in the Bering Sea.

Each of the undersigned further certifies that (a) at least 80 percent of the owners of the qualified catcher vessels are parties to the Membership Agreement; and (b) that the Membership Agreement requires that the Cooperative deliver at least 90% of its BSAI Pollock catch to its designated AFA processor

The cooperative's designated representative within the meaning of 50 CFR 679.61(c) is Duncan R. McIntosh. The cooperative's registered agent for service of process is Mundt MacGregor L.L.P., 271 Wyatt Way NE, Suite 106, Bainbridge Island, Washington 98110-2873.

Dated effective as of November 16, 2023.
